

**Synodical of Central, Northeastern Ontario and Bermuda
Women's Missionary Society
The Presbyterian Church in Canada
Report 2026**

The synodical has continued to meet regularly to discuss what is happening within the presbyterials and to plan our annual meeting. Our meetings are mostly by zoom and two meetings a year are in-person. The Annual Meeting was held on May 2, 2026 at St. Andrew's Presbyterian Church in King City, Ontario. Our speaker was Cathy Reid, past president of the national Women's Missionary Society. She highlighted her years as president and spoke about her travels to such places as Nepal, Malawi, and Cuba. At this meeting I became the new president of the Synodical.

At a special meeting in September, the executive met with the Rev. Jonathan Tait and the Rev. Sarah Kim, Executive Director for the WMS. The purpose of the meeting was to brainstorm for the future. We reflected on our current situation and discussed concerns regarding the declining membership and closure of presbyterials over the past several years. We discussed some of the reasons people are unable to attend meetings. We came up with a few ideas of how to reach out to past and present members of the WMS to try and build some interest. Hopefully as a result of this meeting, it will help us to go forward and open up further discussion at future meetings.

Our next annual meeting will be held on April 10. Location will be confirmed at our next executive meeting.
